

Member Spotlight at Pak-it-Rite

Many people know Pak-it-Rite as a provider of packaging and shipping services, others know it as a gift shop, offering fine goods for home and garden and a wide selections of Washington wines and gourmet foods, while countless others have never set foot in the store, visiting only the website to buy and ship Washington fresh fruit and produce all across the United States.

Pak-it-Rite continues to grow and change as it seeks new markets for its myriad products and services. A new Garden Porch sign has replaced the old Washington Gifts sign. The selection of Northwest yummys and regional delights continues to grow in the store and online as Pak-it-Rite realigns itself to remain competitive with Harry and David and other nationally recognized gourmet gift retailers.

Regardless of any changes however, Pak-it-Rite's core values remain: the dedication to quality and service customers home and abroad have come to appreciate.
